

## **AIDSO On fascistic threat to the students of HCU:**

**31<sup>st</sup> March, 2016**

“We strongly condemn the fascistic threat of police against the students of Hyderabad University who were agitating regarding the shocking death of a brilliant student – Rohit Vemula. On 22<sup>nd</sup> March the police brought down atrocities upon the students. It is also alleged that the agitating girl students were told that if they continued the movement they would be raped. The minority students were also threatened that if they protested, terrorist case would be lodged against them. We want impartial judiciary judge of this incident and stringent punishment of the accused police officers.”
